

Policy Type: Administrative

Category: Environmental Health, Safety, and Risk Management

Sub-Category: Emergencies

Policy Name: Operational Area Emergency Operations Plan

Policy Owner: County Executive

Policy Purpose

The County of Santa Clara has prepared a Standardized Emergency Management System (SEMS) and National Incident Management System (NIMS) compliant Emergency Operations Plan to ensure the most effective and efficient allocation of resources for the maximum benefit and protection of the civilian population during times of emergency.

Policy Summary

The [**Operational Area Emergency Operations Plan**](#) (EOP or Plan), in alliance with the *California Emergency Plan*, establishes the emergency organization, assigns tasks, specifies policies and general procedures, and provides for coordination of planning efforts for respective staff. This plan will be reviewed and exercised periodically and revised as necessary to satisfy changing conditions and needs.

The Plan is an all-hazards document describing the County's Emergency Operations organization, compliance with relevant legal statutes and other guidelines. This plan is activated during extraordinary emergency situations associated with large-scale disasters affecting Santa Clara County and/or the Santa Clara County Operational Area.

Procedures

See the [Operational Area Emergency Operations Plan](#). The Plan can be found online at
